

NEWS RELEASE

JOHN F. YOUNG, JR.
PARISH PRESIDENT

March 16, 2011

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM IN JEOPARDY OF DEEP BUDGET CUTS

News Conference

Friday, March 18, 2011

2:30pm

*1861 Ames Blvd.,
Marrero*

Friday, March 18, 2011, 2:30pm, Jefferson Parish leaders, Entergy, and metro area advocates will host a news conference at the Marrero Community Center, 1861 Ames Boulevard, Marrero, to call for Congress and President Obama to stop plans to cut funding for Low Income Home Energy Assistant Program (LIHEAP).

A recent recommendation by President Obama to cut LIHEAP funding by 50% nationwide could put local Community Action Program (CAP) agencies and the low-income populations they serve in dire circumstances.

The President's recommendation would effectively eliminate energy assistance provided to 50,000 families in Louisiana; that amounts to a 67% cut, or \$38.8 million dollars statewide that helps impoverished families.

Jefferson Parish President John Young, the Jefferson Parish Council, JeffCap Director Jedidiah Jackson, and Entergy New Orleans Director of Customer Service Melonie Hall will be joined by Louisiana Public Service Commissioners, New Orleans City Council members, St. Charles Parish Director of Community Services Joan Diaz, New Orleans Total Community Action President and CEO Thelma French, Plaquemines Parish representatives, St. Bernard Parish representatives and State Representative Girod Jackson.
