East Bank Regional Main Entrance Temporarily Closed for Sidewalk Repairs

Library users must enter through the administration entrance on the right side of the building

The main entrance of the East Bank Regional Library is closed while the library repairs the sidewalk in front of the entrance. Library users must enter and exit the library through the administration entrance on the right side of the library building. (See map.)

The book drops at the front of the library are still accessible and can be used.

The East Bank Regional Library, located at 4747 W. Napoleon Avenue, Metairie, opened 13 years ago. Since then, the area around the library has subsided, breaking sections of the sidewalk. The library is repairing the damaged sections so they will not become a safety hazard. The new sidewalk will have bricks that can be removed for easier repairs in the future.

The work is expected to last four weeks.
