### Our Mission Is:

“Provide the services,  
leadership, and vision to  
improve the quality of life  
in Jefferson Parish.”

Aaron F. Broussard  
Parish President

July 14, 2009

FOR IMMEDIATE RELEASE

### NOTIFICATION OF POSSIBLE WATER PRESSURE DROPS DUE TO GRAND ISLE WATERLINE IMPROVEMENTS

As Jefferson Parish installs a new parish water main in the Grand Isle area, water customers may experience a few instances of temporarily reduced water pressure. The pressure drops are a result of testing the new line and combining the existing and new water distribution systems.

**This work began on Monday, July 13, 2009 and will continue through Friday, July 17, 2009. These pressure drops will be isolated and expected to occur between the hours of 8 p.m. and 4 a.m.** During these times, a pressure drop may occur; however, water will be available at a lower pressure.

While this inconvenience is necessary to provide this valuable upgrade to the area's water distribution infrastructure, Jefferson Parish is making every available effort to minimize public difficulties because of the work.

For more information, please contact Randy Schuler, Director of the Jefferson Parish Water Department at 504-736-6742.
