

ENGINEERING AGREEMENT

STATE OF LOUISIANA

PARISH OF JEFFERSON

This Agreement is made and entered into on this ____ day of _____, 200__ by and between the Parish of Jefferson, State of Louisiana, acting herein by and through its Parish Council, hereinafter called the OWNER, represented by Aaron F. Broussard, Council Chairman, duly authorized to act pursuant to provisions of Resolution No. _____ adopted on the ____ day of _____, 200__, and Resolution No. _____ adopted on the ____ day of _____, 200__ and _____, an Engineer (Engineer Firm) licensed in the State of Louisiana, hereinafter called the ENGINEER.

All work shall be under the direction of the Director of the Department of _____, hereinafter called the DIRECTOR, and all plans, specifications, etc. shall be submitted to him and all approvals and administration of this contract shall be through him.

As provided in this Agreement, ENGINEER will provide professional services for the following project (the "Project"):

SECTION 1. THE PROJECT:

The OWNER hereby contracts with the ENGINEER to perform all necessary professional services in connection with the Project defined as follows:

(insert description of project)

SECTION 2. SERVICES:

The ENGINEER shall provide all basic services required to complete the project including all necessary services described herein or usually implied as a prerequisite for performance of the services whether or not specifically mentioned in this agreement, including attendance by the ENGINEER at project conferences and public hearings.

A. EVALUATION PHASE:

ENGINEER shall study, review and evaluate the following:

(insert description of study or insert "not applicable")

B. PRELIMINARY PHASE:

1. Coordinate all topographic surveys and other investigations as may be required to prepare construction plans. Investigations and/or surveys shall locate existing utilities (private and public) affected by the project and shall locate and define such utilities sufficiently to enable proper plans to be made to modify such utilities to fit the project.
2. Prepare a program of borings and other soil investigations that may be required for

proper plan.

3. Plot information obtained from surveyor on proper plan.
4. Prepare preliminary layouts and sketches as required to develop design criteria.
5. Prepare a preliminary cost estimate outlining all expected items of work and current unit prices for these items.
6. Assist the OWNER with the preparation of State and Federal Grant applications.
7. Provide written notice to all utility companies (private and public) about the project and request utility "as-built" information from them.

C. DESIGN PHASE:

1. Prepare detailed construction plans, specifications and contract documents. These plans are to include locations of all utilities affected, and ownership and taking lines of rights-of-way where required. The existing and ownership of any existing utilities shall be determined by contacting each utility provider in writing to obtain such records as may be available and information from the topographic survey conducted by the ENGINEER. At the earliest time at which the state of completion of the plans will allow an effective review of the design work, sufficient sets of plans and specifications shall be furnished the DIRECTOR for examination. Upon receipt by the ENGINEER of comments by the DIRECTOR, the ENGINEER shall revise and complete the plans.
2. Prepare necessary applications for permits for submission to and approval of local, state, and federal authorities.
3. Prepare a detailed Final Cost Estimate.
4. Coordinate with proper utility companies the adjustment, relocation or removal of existing utility lines and structures within the project that are in conflict with the proposed improvements.

D. BIDDING PHASE:

1. Assist the OWNER in obtaining bids, attend bid opening, make tabulation and analysis of bids received, make recommendations and render assistance in award of contracts.
2. Furnish sufficient sets of plans and specifications for the bid process.
3. Prepare and distribute all necessary addenda.

E. CONSTRUCTION PHASE:

1. Prepare formal contract documents for the execution of the construction contract.
2. Provide a competent Project Engineer and such assistants as may be required to administer the construction contract and to observe and inspect the materials and construction procedures at the site of the work as it progresses. This shall not include the furnishing of inspection services but shall include periodic job visits as are necessary.
3. The ENGINEER is not responsible for construction means, methods, techniques, sequences or procedures, as for safety precautions and programs in connection with the work, except as may be expressly indicated in the Plans and Specifications prepared by the ENGINEER.
4. Establish construction monuments, project baseline, and bench marks as necessary.
5. Coordinate with owners of utilities for relocation of their facilities to clear the site for construction.
6. Require and review tests of materials necessary for the project.
7. Determine contract pay quantities, including necessary materials checking.
8. Verify and approve contractor's pay estimates and submit same to DIRECTOR.
9. Prepare progress reports for the DIRECTOR when requested.
10. Prepare detailed drawings as necessary to supplement the construction drawings.
11. Review shop drawings and samples for conformance with the design concept of the project and for compliance with the result required in the contract documents.

12. Perform final inspection and make a recommendation for acceptance.
13. Verify and approve Testing Laboratory pay estimates and submit same to DIRECTOR.
14. Prepare all necessary documentation required for construction change orders.
15. Prepare written recommendation for all required changes to plans and specifications during construction.
16. Attend Council meetings and other meetings as necessary to discuss issues associated with the project.

F. RECORD DRAWINGS:

1. The ENGINEER shall furnish reproducible tracings of "RECORD" drawings, based on information provided by the contractor, on drafting film as specified by the DIRECTOR and on computer media acceptable to the DIRECTOR in either AutoCAD, GDS, or DXF format.

SECTION 3. DOCUMENTS:

The ENGINEER shall furnish to the DIRECTOR sufficient sets of drawings, specifications and contract documents for checking and approval at each review stage of the PROJECT and eight (8) sets for the OWNER's records after receipt of bids. The ENGINEER shall also furnish sufficient sets of plans, specifications and contract documents for the receipt of competitive bids and the construction of the project.

All Data collected by the ENGINEER and all documents, notes, drawings, tracings, and files shall remain the property of the ENGINEER EXCEPT as otherwise provided in SECTION 10 of this Agreement. The ENGINEER shall furnish to the DIRECTOR copies of any project documents requested by the DIRECTOR.

The OWNER shall furnish without charge all standard plans and specifications and any other information which the OWNER now has in its files which may be of use to the ENGINEER.

The ENGINEER shall use the most current version of the standard forms of documents adopted and specified by the OWNER in the performance of the Design Phase and Bidding Phase of this contract. These documents include, but shall not be limited to, the Agreement, the General and Supplementary Conditions, the Invitation to Bid, the Instruction to Bidders, bid forms, and any other related documents specified by the OWNER for a particular project. This obligation with respect to the OWNER's contract documents is subject to the indemnity provisions contained in Section 12. Notwithstanding anything to the contrary in this Section 3 or in any other provision of this contract, none of the contract documents provided by the OWNER are or will become the property of the ENGINEER but shall remain the property of the OWNER to the extent the OWNER has a property interest therein.

SECTION 4. SUPPLEMENTARY SERVICES:

The ENGINEER shall provide, when requested in writing by the DIRECTOR, supplementary services not included in the basic services.

Such supplementary services shall include the following:

- A. Soils investigations.
- B. Laboratory inspection of materials and equipment.
- C. Right-of-Way, easement and property acquisition surveys, plats, maps and documents.
- D. Any major revisions, for which the ENGINEER is not responsible, that are authorized by the OWNER after the completion and approval of either the preliminary or final plans and specifications.
- E. Services concerning replacement of any work damaged by fire or other causes during construction.
- F. Services made necessary by the default of the contractor in the performance of the construction contract.
- G. Serving as an expert witness in connection with court proceedings.

- H. Traffic Engineering.
- I. Topographic Survey.
- J. Preparation of Environmental Assessment documents and/or Environmental Permits.
- K. If all or part of the work is to be financed by a Federal or State Grant, the ENGINEER shall assist the OWNER in the preparation of the Grant application and with the Grant Administration.

The compensation to the ENGINEER for the above supplemental services, when performed by the ENGINEER's forces, shall be in the form of a lump sum which is mutually agreeable to the OWNER and to the ENGINEER.

If the parties hereto are unable to agree on the basis of such additional work the ENGINEER shall be paid on the basis of their certified and itemized salary costs plus a fee to cover overhead costs and profit in accordance with the rate schedule established in Attachment A to this contract. In each case, the work is to be initiated only upon receipt of a written work order from the DIRECTOR which must include the scope of work and a maximum fee that can be charged.

- L. Resident Inspection. If the resident inspection is required to be furnished by the ENGINEER, the DIRECTOR shall so direct him in writing. The ENGINEER shall assign personnel, acceptable to the DIRECTOR, at a fee acceptable to the OWNER. The fee shall be on the basis of the actual time of personnel used at the then currently approved hourly rates. The resident inspection may be discontinued at any time upon thirty days notice by the DIRECTOR to the ENGINEER, in writing.

All invoices submitted covering services rendered on an hourly basis shall include time sheets showing actual hours worked by each individual, their classifications and a brief description of the work performed. All other supplemental services shall be invoiced monthly according to percentage of work completed.

Payments to the ENGINEER for Supplementary Services shall be made monthly upon presentation of the invoice for work performed during the preceding month.

SECTION 5. PROPERTY ASSESSMENT PROGRAMS:

On projects to be financed either wholly or partially by property owner assessment or participation, the ENGINEER shall, when directed by the DIRECTOR, prepare strip maps showing the property abutting the improvements. The maps shall be given to the DIRECTOR who shall provide the most current ownership thereon. From the ownerships furnished to the ENGINEER by the DIRECTOR the ENGINEER shall prepare a "Pro-Forma" report. This report shall contain a list of property owners with applicable ownership data, total cost for each parcel of property to be assessed, establish costs associated with Construction, Engineering, Legal, Administrative, Contingencies and all other costs pertaining to the project. The "Pro-Forma" report shall be given to the OWNER for approval or rejection. If the OWNER approves, notices shall be mailed to all property owners by the OWNER advising them of a public hearing to be held by the OWNER on the project. After the public hearing the OWNER may either abandon the project or instruct the ENGINEER to proceed with the preparation of plans and specifications.

If the construction bids received are in excess of the budget for the project, determined by the estimate presented in the "Pro-Forma" report approved by the OWNER, the OWNER may abandon the project or instruct the ENGINEER to re-design, at the ENGINEER'S COST.

If the construction bid(s) are acceptable by the OWNER, the ENGINEER shall prepare a "Final Engineering" report showing Construction Cost, Contingencies, Engineering, Legal, Administrative and all other costs pertaining to the project. The ENGINEER shall also complete the list of the property owners by inserting the total cost for each parcel of property to be assessed.

The "Pro-Forma" and "Final Engineering" reports shall be prepared in a form prescribed by the Finance Department of Jefferson Parish.

Notwithstanding Section 9 of this Agreement, the ENGINEER shall be paid for the preparation of the design plans and specifications if bids are received within the budget and the project is abandoned for any reason other than the inability to sell and deliver special assessment certificates.

Notwithstanding any Section of this Agreement set out above, the OWNER may abandon the

project any time prior to instructing the ENGINEER to proceed with plans and specifications without any engineering cost to the OWNER.

SECTION 6. BUDGET LIMITATION:

The construction budget for this project shall be determined by the OWNER, and the ENGINEER shall be advised of the budget limitation in writing by the DIRECTOR and the ENGINEER shall indicate his acceptance of same in writing to the DIRECTOR any subsequent budget revisions shall be confirmed in writing.

If, at the completion of the Preliminary or Design Phases, the ENGINEER does not concur with the construction budget he shall so notify the DIRECTOR, and the ENGINEER and OWNER shall mutually agree on a revised construction budget prior to any work on the Design Phase.

If no bid is received within the budget limitation and a redesign of the project if required by the OWNER, such redesign shall be accomplished by the ENGINEER at no additional cost to the OWNER, provided, however, if the receipt of bids is, for any reason, delayed beyond a period of six (6) months from the date of the completion of the Design adjusted, immediately prior to the time bids are received, by use of a construction cost index acceptable to both parties of this agreement.

SECTION 7. NOTICE TO PROCEED:

The Parish President through the DIRECTOR shall notify the ENGINEER in writing to undertake the services stated in ten (10) days after receipt of such notification. The work necessary for the completion of the final construction plans and specifications as required herein shall be completed within _____ months following the notice to proceed.

If the DIRECTOR desires to divide the Project into various parts, a Notice to Proceed shall be issued for each part, and the DIRECTOR and the ENGINEER shall mutually agree upon the period of time within which services for each part of the Project shall be performed.

The ENGINEER will be given time extensions for delays beyond their control or for those caused by tardy approvals of work in progress by various official agencies, but no additional compensation shall be allowed for such delays.

SECTION 8. PAYMENTS:

(For "Hourly Rate Contracts") For all services outlined in SECTION 2 and any other services required for this project, except those in SECTION 4, the OWNER shall pay the ENGINEER on the basis of their certified and itemized salary costs plus a fee to cover overhead costs and profit in accordance with the rate schedule established in Attachment A to this contract.

(For "Lump Sum Contract") For all services outlined in SECTION 2 and any other services required for this project, except those in SECTION 4, the OWNER shall pay the ENGINEER a basic lump sum fee of \$_____ as negotiated and agreed upon by both parties.

For each task in SECTION 2 and any other services required for this project, the work is to be initiated only upon receipt of a written work order from the DIRECTOR which must include the scope of work and a maximum fee that can be charged. The maximum cumulative fee that can be charged for all work on this contract, including the work performed under SECTION 4, shall not exceed \$_____, unless increased by contract amendment approved by the Jefferson Parish Council.

Payment ENGINEER shall be prorated as follows:

Preliminary Phase	25% of the basic fee
Design Phase	45% of the basic fee
Bidding Phase	5% of the basic fee
Construction Phase	20% of the basic fee
Record Drawing Phase	5% of the basic fee

Payment to the ENGINEER shall become due and payable as follows:

PRELIMINARY PHASE:

Upon DIRECTOR's approval of the applicable parts of SECTION 2.

DESIGN PHASE:

In monthly installments proportionate to the progress of the ENGINEER. It is mutually agreed that these monthly payments are for the ENGINEER's agreed that these monthly payments are for the ENGINEER's convenience only, and they do not imply acceptance by the OWNER of any work performed by the ENGINEER.

BIDDING PHASE:

Upon receipt of acceptable construction bids and the award of the construction contract within the budget limitations of the project.

If, for any reason, bids are not received by the OWNER within six (6) months from the date of completion of the Design Phase, the ENGINEER's payment shall be adjusted to a total of 70% of the basic fee.

CONSTRUCTION PHASE:

Monthly based on the percentage to the total cost of the construction work completed during the preceding month.

RECORD DRAWING:

On the receipt of approved "Record Drawing" reproducibles and computer media.

SECTION 9. FUNDS:

Pay to the ENGINEER under this contract shall be contingent upon the availability of funds as identified in the Council resolution authorizing the contract terms.

SECTION 10. TERMINATION OR SUSPENSION:

The terms of this contract shall be binding upon the parties hereto until the work has been completed and accepted by the OWNER and all payments required to be made to the ENGINEER have been made; but this contract may be terminated under any or all of the following conditions:

1. By mutual agreement and consent of the parties hereto.
2. By the OWNER as a consequence of the failure of the ENGINEER to comply with the terms, progress or quality of work in a satisfactory manner, proper allowance being made for circumstances beyond the control of the ENGINEER.
3. By either party upon failure of the other party to fulfill its obligations as set forth in their contract.
4. At the completion of the Preliminary Phase if the OWNER and the ENGINEER do not mutually agree on the construction budget limitation as indicated in SECTION 6.
5. In the event of the abandonment of the project by the OWNER.
6. In the event ENGINEER does not maintain a valid Louisiana Engineering License.

This agreement shall automatically terminate upon satisfactory completion of all services and obligations described herein or three (3) years from the date of its execution, whichever event occurs first.

Upon termination the ENGINEER shall be paid for actual work performed prior to the notice of termination on a pro-rata share of the basic fee based on the phase or percentage of work actually completed.

Upon termination under Item 2 above, the ENGINEER shall deliver to the OWNER all original documents, notes, drawings, tracings, computer files, and files except the ENGINEER'S personal and

administrative files.

Should the OWNER desire to suspend the work, but not definitely terminate the contract, this may be done by thirty (30) days notice given by the DIRECTOR in writing to that effect, and the work may be reinstated and resumed in full force and effect upon receipt from the DIRECTOR of thirty (30) days notice in writing to that effect. ENGINEER shall receive no additional compensation.

SECTION 11. INSURANCE:

The ENGINEER shall secure and maintain at his expense such insurance that will protect him, and the OWNER, from claims under the Workmen's Compensation Acts and from claims for bodily injury, death or property damage which may arise from the performance of services under this agreement. All certificates of insurance shall not be canceled without thirty (30) days prior notice of cancellation given to the Parish of Jefferson, in writing, on all of the required coverages provided to Jefferson Parish. All notices will name the ENGINEER, and identify the Council Resolution approving the terms of the contract. The OWNER may examine the policies.

A. ALL POLICIES AND CERTIFICATES OF INSURANCE OF THE ENGINEER SHALL CONTAIN THE FOLLOWING CLAUSE:

1. The ENGINEER insurers will have no right of recovery or subrogation against the Parish of Jefferson, it being the intention of the parties that the insurance policy so affected shall protect both parties and be the primary coverage for any and all losses covered by the below described insurance.
2. The Parish of Jefferson shall be named as additional insured as regards to automobile and general liability with respect to negligence by the ENGINEER [ISO Forms CG 20 10 (Form B)].
3. The insurance companies issuing the policy or policies shall have no recourse against the Parish of Jefferson for payment of any premiums or for assessments under any form of policy.
4. Any and all deductible in the below described insurance policies shall be assumed by and be at the sole risk of the ENGINEER.

B. Prior to the execution of this agreement the ENGINEER, shall provide at its own expense, proof of the following insurance coverage required by the contract to the Parish of Jefferson by insurance companies authorized to do business in the State of Louisiana. Insurance is to be placed with insurers with an A.M. Best rating of no less than A:VI. This requirement will be waived for worker's compensation coverage only for those engineers whose worker's compensation coverage is placed with companies who participate in the State of Louisiana Worker's Compensation Assigned Risk Pool or the Louisiana Worker's Compensation Corporation.

1. Worker's Compensation Insurance:
As required by Louisiana State Statute exception; employer's liability shall be at least \$1,000,000 per occurrence when work is to be over water and involves maritime exposures, otherwise this limit shall be no less than \$500,000 per occurrence.
2. Commercial General Liability Insurance with a Combined Single Limit of at least \$500,000.00 per Occurrence for bodily injury and property damage. This insurance shall include coverage for bodily injury and property damage, and indicate on the certificate of insurance the following:
 - a) Premises - operations;
 - b) Broad form contractual liability;
 - c) Products and completed operations;
 - d) Use of contractors and sub-contractors;
 - e) Personal Injury;
 - f) Broad form property damage;
 - g) Explosion, collapse and underground [XCU] coverage.

NOTE: On the certificate of insurance, under the description of operations, the following wording is required: "The aggregate loss limit applies to each project or a copy of ISO Form CG 25 03 [ed. 11.85 or latest form] shall be submitted."

3. Business Automobile Liability Insurance with a Combined Single Limit of \$500,000 per occurrence for bodily injury and property damage, unless otherwise indicated. This insurance shall include for bodily injury and property damage the following coverage:
 - a) Any automobiles;
 - b) Owned automobiles;
 - c) Hired automobiles;
 - d) Non-owned automobiles;
 - e) Uninsured motorist.
4. An umbrella policy or excess may be used to meet minimum requirements.
5. Owner's Protective Liability: The ENGINEER shall take out and maintain a policy of Owner's Protective Liability for the same limits of liability for bodily injury and property damage liability and conditions as provided herein above under "Comprehensive General Liability Insurance". The cost of this coverage is at the ENGINEER's expense.
6. The ENGINEER shall also secure and maintain at his expense professional liability insurance in the sum of at least One Million Dollars (\$1,000,000.00).

All policies of insurance shall meet the requirements of the Parish of Jefferson prior to the commencing of any work. The Parish of Jefferson has the right but not the duty to approve all insurance policies prior to commencing of any work. If at any time any of the said policies shall be or becomes unsatisfactory to the Parish of Jefferson as to form or substance; or if a company issuing any such policy shall be or become unsatisfactory to the Parish of Jefferson, the ENGINEER shall promptly obtain a new policy, submit the same to the Parish of Jefferson for approval and submit a certificate thereof as provided above.

Upon failure of the ENGINEER to furnish, to deliver and maintain such insurance as above provided, this contract, at the election of the Parish of Jefferson, may be forthwith declared suspended, discontinued or terminated. Failure of the ENGINEER to take out and/or to maintain insurance shall not relieve the ENGINEER from any liability under the contract, nor shall the insurance requirements be construed to conflict with the obligation of the ENGINEER concerning indemnification.

WAIVER: Except as otherwise provided by law, the coverage requirements of this section may be waived in whole or in part on engineering agreements under \$50,000.00, and the Chairman of the Council is authorized to use his discretion in regard to insurance requirements for such contracts. Except as otherwise provided by law, the Parish Attorney's Office with the concurrence of the Director of Loss Control is authorized to omit in whole or in part the insurance requirements of this section in connection with such contracts.

SECTION 12. GENERAL

The ENGINEER shall, at all times during the term of this contract, maintain a valid Louisiana Engineering License.

The professional and technical adequacy and accuracy of designs, drawings, specifications, documents, and other work products furnished under this AGREEMENT will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of the profession. Where OWNER must have work done by change order or addition resulting from an error or omission by the ENGINEER, ENGINEER shall provide, at no costs to OWNER, all professional services attributable to the change order. This is in addition to OWNER's right to recover from ENGINEER damages for ENGINEER's errors and omissions.

The ENGINEER shall indemnify and hold harmless the OWNER against any and all claims, demands, suits, costs, liabilities or judgments for sums of money, and fines or penalties asserted by any party, firm or organization for loss of life or injury or damages to person or property, growing out of, resulting from, or by reason of any negligent acts, errors, and/or omissions, by the ENGINEER, its agents, servants or employees, while engaged upon or in connection with the services required to be performed by the ENGINEER under this AGREEMENT.

Further, ENGINEER hereby agrees to indemnify the OWNER for all reasonable expenses and attorneys' fees incurred by or imposed upon the OWNER in connection therewith for for any loss, damage, injury or other casualty pursuant to this section. ENGINEER further agrees to pay all reasonable expenses and attorneys' fees incurred by the OWNER in establishing the right to indemnity pursuant to the provision of this section.

In the event that the INGINEER modifies the OWNER's contract documents without the express prior written consent of the OWNER, whether such modification is made by the Supplementary Conditions, the Specifications, Addenda, Written Amendments, Change Orders, or in any other manner, the ENGINEER shall indemnify and hold harmless the OWNER from any claims, lawsuits, or damages that arise out of or are attributable to the modification. In particular, this shall include, but not be limited to, modifications to any contract warranties; liquidated damages; payment terms; substantial or final completion; subsurface conditions; drawing requirements; "or-equal" materials; insurance; notice to proceed; change orders; contract amendments; obligations, cuties, or responsibilities of the Contractor; etc. This indemnification and hold harmless obligation shall include not only the damages suffered by the OWNER but also all reasonable expenses including, but not limited to, any and all litigation or other dispute resolution costs and any and all professional fees incurred by the OWNER as a result of the ENGINEER's deviation from the OWNER's contract documents

While in the performance of services or carrying out other obligations under this agreement, the ENGINEER shall be acting in the capacity of independent contractors and not as employees of the Parish of Jefferson. The OWNER shall not be obliged to any person, firm or corporation for any obligations of the ENGINEER arising from the performance of their services under this agreement. The ENGINEER shall be authorized to represent the OWNER with respect to services being performed, dealings with other agencies, and administration and control of construction contracts as indented by the provisions of SECTION 2 hereof.

The ENGINEER warrants that he has not employed or retained any company or person, other than a bona-fide employee working solely for the consultant, to solicit or secure this contract, and that they have not paid or agreed to pay any company or person, other than bona-fide employees working solely for the consultant, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this contract. For breach or violation of this warranty, the OWNER shall have the right to annul this contract without liability.

This agreement shall be binding upon the successors and assigns for the parties hereto. This agreement being for the personal services of the ENGINEER, shall not be assigned or subcontracted in whole or in part by the ENGINEER as to the services to be performed hereunder without the written consent of the OWNER.

This agreement represents the entire Agreement between OWNER and ENGINEER. This Agreement may be amended only by authority of a Jefferson Parish Council Resolution and in writing, signed by both OWNER and ENGINEER.

If there is any dispute concerning this agreement, the laws of Louisiana shall apply. Proper venue and jurisdiction for all lawsuits, claims, disputes, and other matters in questions between the parties to this agreement or any breach thereof, shall be in the 24th Judicial District Court for the Parish of Jefferson, State of Louisiana.

SECTION 13:

This agreement is executed in _____ originals. IN TESTIMONY WHEREOF, they have executed this agreement, the day and year first above written.
